### **Dear Parents,**

Do you know that your child is very special to us because he/ she deserve the very best of education? Do you also know that education in the 21<sup>st</sup> century has taken the individualized approach which is one of our cutting edges? What if there is proven records to show our consistent excellent performance over the years backed up with credibility, would you hand your child over to us to bring out the president in him/her, and how fulfilling would your life be?

### **Come closer...**

... It's a big secret and you must take advantage of it.

*There is a great school that offers excellent, quality education than what you are thinking about right now and it's very much affordable.*

**It's been hidden in plain sight all this time, right under your nose... or maybe you've not taken a closer look. Get ready as I introduce you to:**

**Picture this for a moment! You give us your child and we give you a future leader in return. *Period!***

### **Why should you trust us?**

You should trust us because we have produced excellent results. All our graduate students got instant admission into universities of their choices. Here is another reason why you should trust us. WAEC released

the 2008 examination results and 83% of candidates failed while our second set recorded 92% pass. Another possible reason why you should trust our ability to breed future leaders is the fact that the Honourable Speaker of the students representative council of Kith and Kin Schools wrote a petition to the Lagos State Government during our 10<sup>th</sup> year anniversary about the state of Owode Ibeshe road and today, the contract has been awarded by the Lagos State Government.

**See What Governor Fashola Said About Us:**

... "A visit to the site of a wonderful private sector initiative in support of educational development. The initiative must be commended and supported."

... Gov. Babatude Raji Fashola

**See What Our Parents Are Saying About Us:**

... "Thank God I found Kith and Kin School. I like their individualized approach to learning. The quality is not negotiable and that is what attracted me in the first place"

... Mrs. S. Jubreel
